

# Kassier Road Phased Upgrades

## 1A

**KASSIER RD UPGRADE - PHASE 1A**

- From the N3 heading south towards the Milky Way (MR559) intersection.
- Construction began in October 2022 on a bypass road that will be ready at the end of January 2023
- This will be used for approximately 12 months with anticipated completion by March 2024.

## 1B

**KASSIER RD UPGRADE - PHASE 1B**

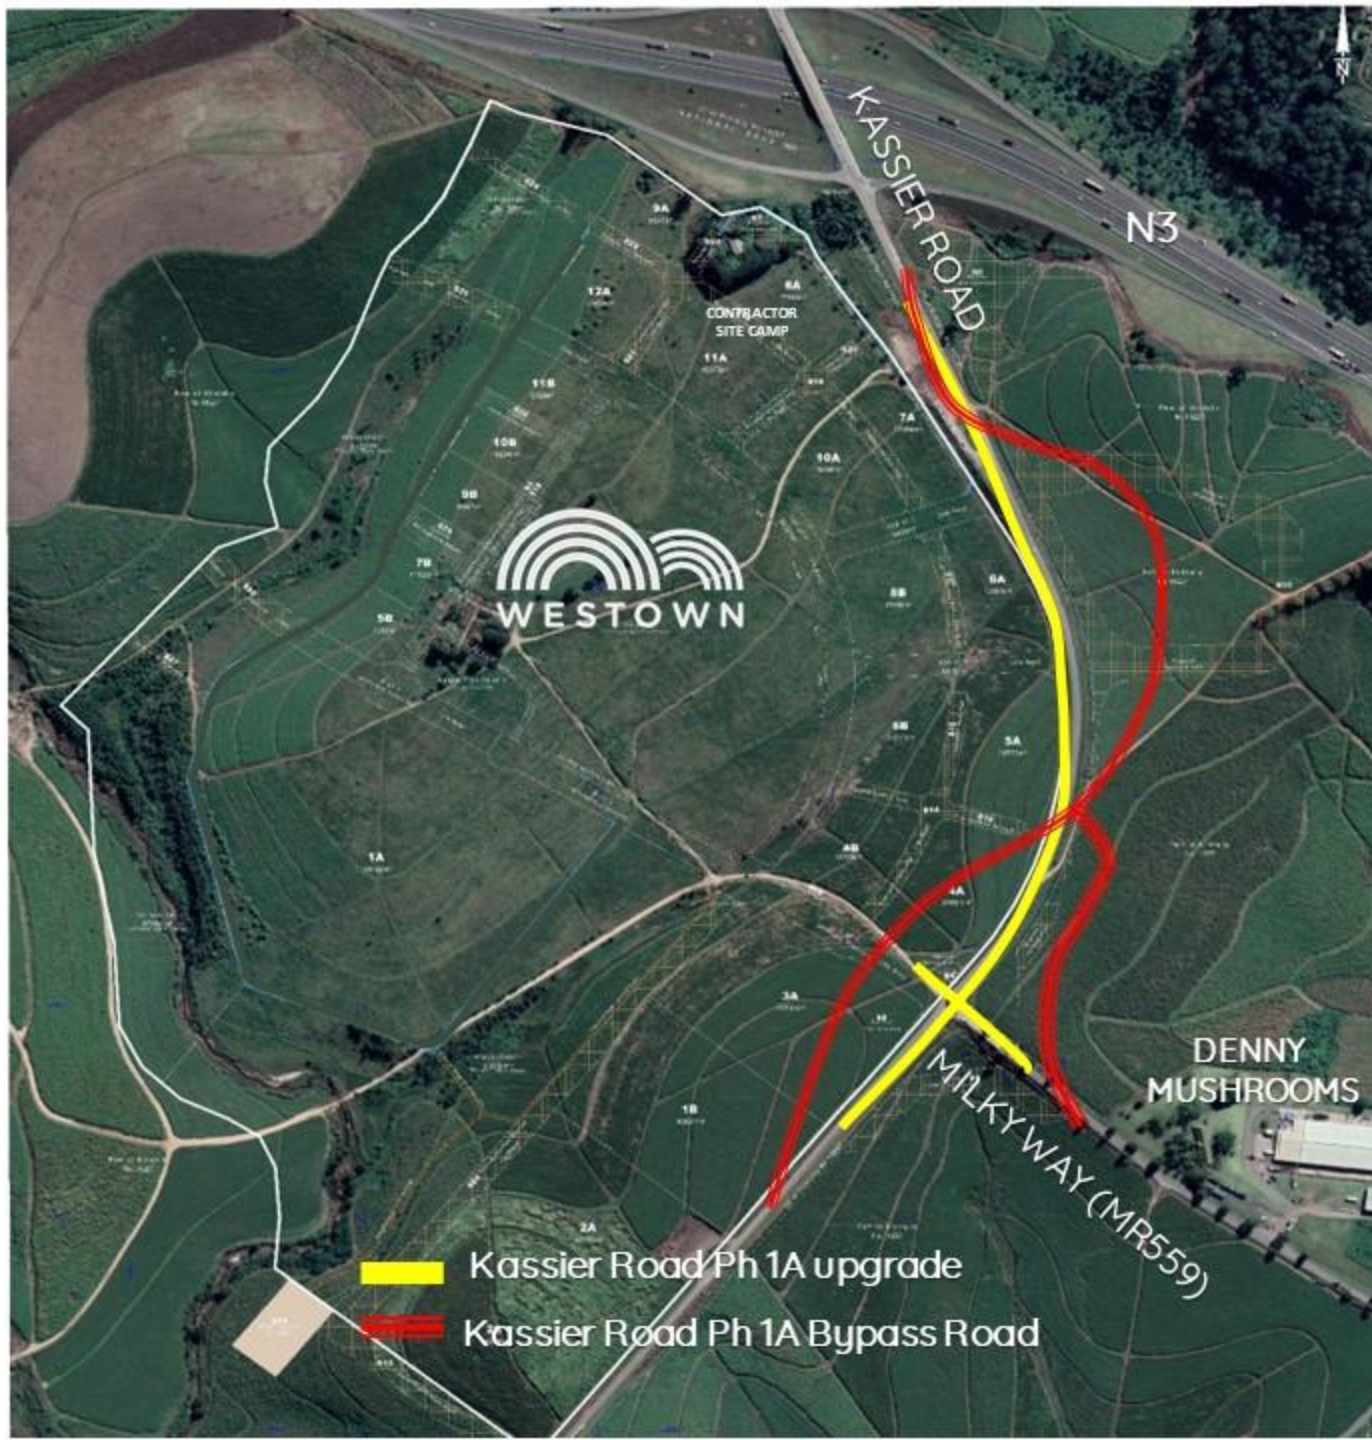

- From the N3 Kassier Rd / Shongweni interchange heading north to the Hillcrest hospital and Alverstone intersection.
- Construction will commence in early 2023
- Timing on this phase is approximately 20 months with anticipated completion end 2024.

## 2

**KASSIER RD UPGRADE - PHASE 2**

- From Alverstone to the R103 (Old Main Rd)
- To take place 2025/2026.
- As the phases of the road upgrades progress, so too will the development of the various initial sub-precincts and future developments that make up this 100-ha destination.

## PHASED UPGRADES

The Kassier Rd upgrade will be phased over the coming years to include:

- Two new bridges over the M13 and N3
- A new loop ramp & bridge over Kassier Rd for access into Westown
- A total makeover of the existing two-lane Kassier Rd from the R103 to Milky Way into a 4-lane dual carriageway with central median and sidewalks. This will be constructed in 3 phases - 1A, 1B and 2, with phase 1A and 1B scheduled for completion end of 2024.

### PHASE 1A (shown in left image)

- This upgrade is from the N3 to the intersection of Milky Way (MR559).
- From the end of January 2023, a bypass road will be in place along this section of Kassier Rd.
- The bypass will run in both directions and will be in place for approximately 12 months.
